

Records and Imaging Requests for Legal Professionals

Bright Light has partnered with Clearpath to provide law firms, record retrieval companies, and insurance carriers with a secure, electronic way to request and receive medical records, imaging, and related documents.

All legal requests for **[Organization Name]** should be submitted through Clearpath. The platform allows requestors to submit requests online, upload required authorizations or subpoenas, check request status, pay applicable fees, and receive completed records and images electronically.

How Clearpath Benefits You

Clearpath helps make the records request process faster, more secure, and easier to manage by allowing legal requestors to:

- Submit requests electronically
- Upload HIPAA authorizations, subpoenas, and supporting documents
- Track request status online
- Pay applicable fees through the platform
- Receive medical records, images, and documents digitally
- Reduce delays caused by fax, mail, CDs, and manual follow-up

How to Request and Receive Records/Images

Once you have a properly signed HIPAA-compliant authorization or subpoena, please submit your request to **Bright Light Medical Imaging** through Clearpath.

Requests for medical records, imaging, and related documents should be made through the Clearpath platform.
